End Application:

Lgm-30 missile

Specific Usage Design:

Lgm-30, guided missile

Motor Propellant Grain Weight:

1.0 pounds

Criticality Code Justification:

Exwt

Dod Ammunition Code:

1337-v474

Dot Registration Code:

Ex1988100997

Net Explosive Weight:

1.6 storage pounds and 1.6 transportation pounds

Dot Hazard Class/division:

1.2

Hazardous Material Classification Code:

1.2.2 department of defense hazard class division

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T357-b
