End Application:

MLrs

Dod Ammunition Code:

1340-ha81

Dot Registration Code:

Ex2010030087

Net Explosive Weight:

1726.3266 storage pounds and 1726.3266 transportation pounds

Special Features:

Sensitivity group: sg4; m30, guided multiple launched rocket system (gmlrs), dual purpose improved conventional munition (dpicm); un0181

Hazardous Material Classification Code:

1.1 department of defense hazard class division and e storage compatibility group

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mlr

Fig:

T357-a
