End Application:

Canister, mine, m87e1

Net Explosive Weight:

0.00161 transportation pounds

Hazardous Material Classification Code:

1.4 department of defense hazard class division and b storage compatibility group

General Description:

Consists of electronics assembly 12959660, sensor module 12959720 and 4 clip 12959599

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
