Unit Package Quantity:

14

Product Name:

Small diameter detonator sensitive emulsion

Net Explosive Weight:

2.620 transportation pounds

Special Features:

Will perform in temperature from negative 20 to 50 degree celsius; shelf life : 1 year; water depth: 300 ft; diameter x length: 56 x 400 mm; case quantity: 14; case weight: 37 lbs; net explosive weight: 2.62 lbs; case dimension: 44 x 36 x 25 cm

Unit Package Type:

Case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T165-a
