Physical Form:

Crystal

Quantity Within Each Unit Package:

55.000 pounds

Sieve Particle Size Gradation Percentage:

95.0 retained 1.41 millimeter

Dot Registration Code:

Ex1988010562

Special Features:

Hazard class/division 1.1 and compatibility grp d; id number un0209; registration ex1988010562; net explosive wt 1.000000 and qd wt 1.000000; proper shipping name tnt; sensitivity grp sg5; unit pkg q type 1; unit pkg type box; dod ammunition code 1376-ml51

Hazardous Material Classification Code:

1.1 department of defense hazard class division

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A10800
