Diameter:

0.320 inches

Length:

3.850 inches

Mounting Bracket:

Not provided

Time Delay Feature:

Not included

Jaw Diameter:

0.173 inches

Firing Wire:

Included

Wire Length:

2.500 inches

Identifying Number:

Model a130-13

Special Features:

Cutting capaci type 750 lb nylon line; body anodized aluminum; color red; operating temp m65 to p200 degrees f; current range 1.0 to 3.5 amps; wires 0.020 in diameter tin plated 52 alloy; wt 0.220 oz

Specification Data:

60880-rrl atp 8109 manufacturers specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T190-h
