End Application:

F-117 aircraft

Detonation Initiation Method:

Gas

Cartridge:

Not included

Dod Ammunition Code:

1377-ss79

Special Features:

Bthis item is the lower initiator; height 1.340 in; width .800 in; incoming gas will exhaust through safety vent from initial piston position to .25 min stroke safety vent is closed at end of stroke

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T190-j
