General Description:

Contains 6 pole alnico 2 magnet rotor and stationary 6 pole stator diameter 1.180inch length .790 weighs 52g and is used to deliver 2.0w
600 ohm load f/used to drive safe and arming system into line, f/fuze mo m734

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
