Product Name:

Guided missile, surface attack; agm-114n-9; hellfire ii tactical missile with telemetry kit.

Dod Ammunition Code:

1410-wh96

Dot Registration Code:

Ex2011040918

Special Features:

This tactical missile system is used for testing and has no warhead; un0181

Hazardous Material Classification Code:

1.1 department of defense hazard class division and e storage compatibility group

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T357-a
