**Overall Length:**

4.420 inches

**Overall Height:**

0.970 inches

**Overall Width:**

2.010 inches

**Environmental Protection:**

Electrically insulated

**Basic Shape Style:**

Rectangular or square

**Inclosure Type:**

Partially enclosed

**Installation Design:**

Module and mechanical

**Circuit Construction Type:**

Solid state

**Connection Type And Location:**

Printed circuit bottom

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A32200
