Stage i nozzle, Igm-30 missile

Reference Data And Literature:

T.O. Lgm30f-22-3-1

General Description:

Electronic assembly p/n 55050-507-91; activator assembly p/n 54901-507-61; resistors 8; cover, housing and associated hardware

Fsc Application Data:

Guidance unit, guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
