End Application:
Peacekeeper missile
Criticality Code Justification:
Text
Functional Description:
Insulates end fitting for warm gas line
General Description:
Material felt zirconia with fiberglass tape, colloidal silca and fused quartz thread as required; nuclear hardness critical; length 4.10 in;
diameter 2.43 in.; internal hole 2.30 in.Deep by 1.43 in. Diameter
Shelf Life:
N/a
Unit Of Measure:
<del>-</del>
Demilitarization:
No
