Edge Shape:

Rectangle, rounded corners, multi holes

Length:

6.100 inches

End Application:

Agm-65d maverick missile

Special Features:

Dome cover for piston actuator; different from -1 by color

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531f0
