Guided Miss Actuator Subassembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1420-01-378-0113

Overall Length:
1.664 inches
Overall Height:
1.080 inches
End Application:
Aim-120 missile system
Special Features:
Used in mechanical actuator subassembly in control section
Material:
Nickel alloy
General Description:
Piston, lock
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
