End Application:

Lgm-30 launch bldg

Criticality Code Justification:

Feat

Special Features:

Design analysis

Nuclear Hardness Critical Feature:

Hardened

General Description:

Outside diameter 18.230 in; height 1.750 in; used on pru/13 safety ventilation valve 1430000160703

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
