End Application:

Lgm-30 launch facility

Criticality Code Justification:

Feat

Special Features:

Design analysis

Nuclear Hardness Critical Feature:

Hardened

General Description:

Length 13.500 in.; thickness 0.872 in; used in safety ventilation valve pru-13/f 1430000160703

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
