End Application:

Lgm-30 underground cable system

Criticality Code Justification:

Feat

Special Features:

Design analysis

Functional Description:

Used in electrical cable splice protector jeu-47/f, jeu-48/f and jeu-49/f

Nuclear Hardness Critical Feature:

Hardened

Reference Data And Literature:

21mlgm-30f-4-8

General Description:

Length 16.750 in. By width 8.500 in. By height 4.125; fits opposite 1430002037951

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
