End Application:

Lgm-30

Criticality Code Justification:

Feat

Special Features:

Design analysis

Nuclear Hardness Critical Feature:

Hardened

General Description:

Length 16.875 in.; 6.00 wide; 2.93 in deep; fits opposite p/n 1222026; next higher assembly p/n12320 splice protector in buried cable system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
