End Application:

Airborne computing and communication system 2000

General Description:

Waluminum alloy, 6061 qq-a-200/8 t6511; bar shape 0.250 in. Square; 2 center sunk mounting holes 0.074 in. Diaby 0.156 in. Diameter located 0.930 in. C to center along length; 0.125 in. Id hole center along lg; both endes slanted45.0 deg

Type/model Designation:

An/awg-9

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
