Installation Design:

Removable

Aircraft Type For Which Designed:

Fixed wing

Missile Launching Method:

Forward travel along side rails

Aircraft Model Number:

F-16

Special Features:

LAUN-CH-ERC-ONTA

Supplementary Features:

Height 8.00in, width 12.00in, length 69.50in, and weight 100lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A50310
