End Application:

Bgm-109g

Safe Operating Load Rating:

4000.000 pounds

Specific Usage Design:

Lifts aur shipping container to/from transport vehicle

Hoisting Apparatus Attaching Facility:

1 hook, adjustable to 6 attachment holes as required by center of gravity

Lifting Attachment Facility:

2 hooks suspended from t-bars at each end of beam

Material:

Steel

Material:

Steel

Supplementary Features:

Must conform to safety requirements of afr 122-10

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T215-e
