End Application:

Wasp ae ssystem m3/m4 spanish configuration

Aircraft Function:

Reconnaissance and surveillance

Take Off Method:

Hand launch

Recovery Method:

Belly landing

Data Link:

Global positioning system (gps)

Aircraft Type For Which Designed:

Flap wing

Operation Method And Control Type:

Remote control remote location pilot

Product Name:

Assy, flight equip grp, m3/m4 ddl, c/a gps config 1, wasp ae

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A547h0
