End Application:

F-14 aircraft

Material:

Aluminum alloy 2024

Material Specification:

Ams4036, tempt81 assn standard single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2, class 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0

Mil-std (military Standard):

Mil-a-8625 spec.
