**Hole Diameter:**

Between 0.202 inches and 0.208 inches

**Width:**

6.540 inches

**Edge Shape:**

Oval, multi holes

**Length:**

8.510 inches

**Hole Quantity Along Length:**

6

**Hole Quantity Along Width:**

14

**Securing Device Type:**

Special

**Mounting Opening Shape Style:**

Unthreaded hole

**End Application:**

F-14 aircraft

**Special Features:**

One hole on center of cover, 0.202 in. Min, 0.208 in. Maximum dia, w/nutcap, self-sealing, self-locking

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11 composition 6061 temper t62 federal specification single material response

**Surface Treatment:**

Anodize

**Fsc Application Data:**

Fuel tank, droppable, aircraft

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531m0
