Gripping Accommodation Type:

Handle

Outside Diameter:

3.750 inches

Overall Height:

2.000 inches

System For Which Designed:

Pressurized

Cam Quantity:

3

Pressure Relief Method:

Automatic

Special Features:

Bright red finish

Special Markings:

Close-open

Material:

Aluminum alloy

Surface Treatment:

Anodize

Supplementary Features:

End item a-7 aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A083a0
