Overall Length:

8.969 inches

Overall Width:

2.562 inches

Material Thickness:

0.375 inches

End Application:

Ov-1 airplane

Aircraft Mission Design Series:

Ov-1

Special Features:

Temp condition t-351, 2 holes 0.500 in. Dia, 5.500 in. Center to center

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
