Securing Device Type:

Hinge

End Application:

Ah-1p helicopter

Special Features:

Spring loaded self-closing

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t3 federal specification single material response

Surface Treatment:

Primer zinc chromate

Surface Treatment Specification:

Bps fw 4367, cage 97499 mfr ref single treatment response

Fsc Application Data:

Fuselage sect., aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0
