Securing Device Type:

Threaded fastener

Mounting Opening Shape Style:

Unthreaded hole

End Application:

T-38 aircraft

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
