Securing Device Type:

Threaded fastener

End Application:

F-111 aircraft

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t81 federal specification single material response

Fsc Application Data:

Wing, airframe

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
