Overall Length:

30.570 inches

Overall Width:

9.000 inches

Thickness:

0.625 inches

Aircraft Location:

Right side scanner station

Aircraft Mission Design Series:

C-130

Special Features:

Manufacturer suggested name-blister (oval shaped)

Material:

Plastic acrylic

Material Specification:

Mil-p-25690, stretched acrylic military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700

Mil-std (military Standard):

Mil-p-25690 spec.
