End Application:

Aircraft model a-7

Aircraft Mission Design Series:

A-7

Special Features:

Chemically milled; stock size 60.600 in. Lg; 35.900 in. W; 0.080 in. Thk

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/18 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
