**Securing Device Type:**

Threaded fastener

**Mounting Opening Shape Style:**

Unthreaded hole

**End Application:**

F-4 aircraft

**Features Provided:**

Sealing capability

**Material:**

Aluminum alloy 7178

**Material Specification:**

Qq-a-250/14 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531h0
