**Cross Sectional Shape:**

Flat

**Hole Diameter:**

Between 0.190 inches and 0.196 inches

**Body Thickness:**

0.063 inches

**Securing Device Type:**

Threaded fastener

**Mounting Opening Shape Style:**

Unthreaded hole

**End Application:**

Ah-1 helicopter

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5, t3 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531h0
