Cross Sectional Shape:

Flat

Width:

7.688 inches

Edge Shape:

Oval, no holes

Length:

7.500 inches

Body Thickness:

0.051 inches

Securing Device Type:

Flush catch and hinge

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Fsc Application Data:

Skin, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0
