Cross Sectional Shape:

Flat

Hole Diameter:

Between 0.191 inches and 0.197 inches

Mounting Opening Shape Style:

Unthreaded hole

End Application:

F-15 aircraft

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
