Hole Diameter:

0.250 inches

Width:

Between 9.940 inches and 10.000 inches

Edge Shape:

Oval, multi holes

Length:

Between 25.940 inches and 26.000 inches

Hole Quantity Along Length:

28

Hole Quantity Along Width:

22

Securing Device Type:

Threaded fastener

Mounting Opening Shape Style:

Unthreaded hole

End Application:

Ov-10a aircraft

Features Provided:

Observation facility

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
