**End Application:**

Kc-135 tanker airplane

**Aircraft Location:**

Airframe structural component

**Aircraft Mission Design Series:**

Kc-135

**Special Features:**

Material alclad alloy, stock size 0.051in. Thk, 6.500 in. W, 13.500 in. Lg

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
