**Cross Sectional Shape:**

Flat

**Hole Diameter:**

Between 0.190 inches and 0.193 inches

**Body Thickness:**

0.090 inches

**Securing Device Type:**

Threaded fastener

**Mounting Opening Shape Style:**

Unthreaded hole

**End Application:**

F-14 aircraft

**Material:**

Aluminum alloy 2219

**Material Specification:**

Mil-a-8920 comp 2219 t81 military specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531h0

**Mil-std (military Standard):**

Mil-a-8920 spec.
