Securing Device Type:

Flush catch

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 alloy 7075 t6 federal specification single material response

Surface Treatment:

Anodize

Fsc Application Data:

Fuselage, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0
