**Securing Device Type:**

Threaded fastener

**Features Provided:**

Sealing capability

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11 federal specification single material response

**Fsc Application Data:**

Aileron actuator, aircraft

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531h0
