Securing Device Type:

Hinge

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4, t81 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625 type 2 class 2 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0

Mil-std (military Standard):

Mil-a-8625 spec.
