General Description:

Steel, ams 5355, 125 microinch finish all machined surfaces, nas580-32-25 spline first end, 0.940 in. W perpendicular to spline, 0.265 in. Min, 0.272 in. Max, dia holes first end, 0.060 in. Slot between arms first end, 0.500 in. Diameter hole 0.950 in. From spline center to center, 0.430 in. Outside radius second end, 0.4387 in. Min, 0.4395 in. Max, holes second end, 0.530 in. Slot between arms second end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
