Width:

7.313 inches

Edge Shape:

Oval, multi holes

Length:

11.749 inches

Hole Quantity Along Length:

10

Hole Quantity Along Width:

16

Securing Device Type:

Threaded fastener

Features Provided:

Observation facility

Material:

Aluminum

Fsc Application Data:

Power plant fuel cell wing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
