Securing Device Type:

Flush catch and hinge

Special Features:

Spring loaded self-closing

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5, t4 federal specification single material response

Fsc Application Data:

Wing section, inner, airframe

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0
