Overall Length:

6.620 inches

Overall Width:

3.600 inches

Material Thickness:

0.640 inches

Aircraft Location:

Generator

Aircraft Mission Design Series:

F-84

Special Features:

8 mtg holes 0.218 in dia, center opening 4.760 in lg by 2.320 in w

Material:

Aluminum alloy

Material Specification:

Qq-a-250/5, comp 24s, cond t3 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
