**Material Thickness:**

0.050 inches

**End Application:**

Aircraft, hercules c-130f; aircraft (ac-130h; mc-130h; ec-130e, hc-130); aircraft, hercules c-130; aircraft, hercules kc-130

**Aircraft Mission Design Series:**

C-130

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11500
