Overall Length:

18.300 inches

Overall Width:

6.200 inches

Material Thickness:

0.040 inches

End Application:

F-4

Side For Which Designed:

Left side

Aircraft Station Number:

Xb100.540

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13-0 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
