Overall Length:

2.000 inches

Overall Width:

1.000 inches

Material Thickness:

0.375 inches

Aircraft Mission Design Series:

T-33

Material:

Aluminum alloy

Material Specification:

Qq-a-355 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
