## NSN 1560-00-652-7500

Aircraft Structural Component Bracket - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1560-00-652-7500

Material Thickness:
2.080 inches
Aircraft Location:
Boom fork bracket
Material:
Aluminum alloy 7075
Material Specification:
Qq-a-367 federal specification single material response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
Yes - demil/mli
Fila

A11800
