Material Thickness:

0.063 inches

Aircraft Location:

Beacon mounting

Aircraft Mission Design Series:

T-33

Special Features:

Matl: 5.250in od, 3.720in id; 5 ea mtg holes on 4.660in diameter bolt circle

Material:

Aluminum alloy 5052

Material Specification:

Qq-a-250/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
